Lumbermen And Log Sawyers: Life, Labor, And Culture In The North Florida Timber Industry, 1830-1930

Jeffrey A. Drobney

Minnesota is the second northernmost U.S. state and northernmost contiguous state. Its isolated Northwest Angle in Lake of the Woods county is the only part of the 48 contiguous states lying north of the 49th parallel; the state is part of the U.S. region known as part of North America's Great Lakes Region. It shares a Lake Superior water border with Michigan and a land and water border with Wisconsin to the east. Iowa is to the south, North Dakota and South Dakota are to the west, the Canadian provinces of Ontario and Manitoba are to the north.
