Amberton University has an agreement with eCampus.com to provide a full-service online bookstore to students. The Amberton University Virtual Bookstore is accessible through the University’s website, www.Amberton.edu. There is also a bookstore link in the Student Portal.

The AU Virtual Bookstore provides an easy to use interface, online buyback of books, and same day shipment of most titles with an average delivery time of 2-3 days depending on the student’s location. Textbook options include new, used, rental, and electronic media as available.

Since no books are sold on campus, students should plan accordingly and purchase their books in advance of

All textbook information (Title, Author, ISBN, etc.) is available in the course syllabi so students can shop competitively. Most textbooks can be purchased from many different textbook vendors. Some textbooks may only be available on the University's Virtual Bookstore. Students should be careful to obtain the exact resource(s) required for the course.

Students are expected to participate in course discussion (including required two replies per post as noted in the schedule), and submit written assignments on the date scheduled. As a general rule, make-up assignments will not be allowed and written assignments submitted after the date due will not be accepted. Exceptions will be considered on a case-by-case basis and only if the student has contacted the professor
before the scheduled assignment due date. **Any assignment submitted late will be assessed a 10% late penalty up to three days late, and will not be accepted beyond this date without prior approval.**

**Student’s Responsibilities**

This syllabus contains information, policies and procedures for a specific course. By enrolling, the student agrees to read, understand and abide by the policies, rules, regulations, and ethical standards of Amberton University as contained in the current university catalog and schedule of classes.

**Attendance Policy:**

Regular and punctual class attendance is expected at Amberton University. In case of absence, it is the student’s responsibility to contact the professor as soon as possible. If a student intends on withdrawing from a course, it is the student’s responsibility to follow the university’s policy on formally withdrawing from a course. Ceasing to attend does not constitute official withdrawal.

Attendance in a Distance Learning course is defined as any submission to Moodle within the enrollment dates of the course, any required submissions outside of Moodle within the enrollment dates of the course, or initiating any communication with your professor regarding an academic assignment. A student in a Distance Learning course is required to actively participate in the course and submit course assignments timely as described in the course syllabus. A student not meeting these requirements may be dropped at the discretion of the professor and Amberton administration.

**Plagiarism Policy**

Plagiarism is using another person’s work as your own. Plagiarism is a violation of the University’s code of student ethical conduct and is one that is taken seriously. Amberton University operated on an honor system, and honesty and integrity are essential characteristics of all who are associated with the institution. **COURSE OUTLINE AND CALENDAR:**

(Outline the course with topics and learning activities required to gain knowledge of course competencies, include number of assignments required, etc.

The course outline is the critical component of the course. It is in the outline that topics and learning resources are brought together. Aside from a personal lecture (not available to e-Course students) the course outline should sufficiently inform the student of all the information (type, source, and important due dates) that will be learned in the course. Do not include the actual assignments and exercises within the syllabus, but do include important due dates, activities scheduled, as well as, examination dates.)

GRADE NOTIFICATION AND INSTRUCTOR FEEDBACK:
A successful distance learning experience requires a flow of communication between instructor and student throughout the session. Instructor comments are considered essential to the learning process. Therefore, each assignment/exam submitted will be reviewed, graded and returned to the student in a timely manner along with the appropriate commentary. Students should carefully review all comments.

Final grades are mailed approximately one week after the last day of the session to the student’s address of record. Amberton University staff will not post or release grades over the phone. University instructors will not leave a message with comments or grades in any type of media that is not secure.

For questions regarding grades after the semester has ended, students should use their University email account and contact the instructor at the faculty email address as provided above in Professor Information area.

Incomplete Grades
An “I” (incomplete grade) is given at the discretion of the professor and may be given only when an emergency or illness prevents the student from completing course requirements. Should an “I” be granted, the student has 30 days from the end of the session to complete the conditions of the incomplete. An “I” which is not properly removed within 30 days following the session enrolled will become an “F” grade.

How To Withdraw From a Course
To be official, the class withdrawal must be in writing and signed by the student requesting the withdrawal; no withdrawal is accepted verbally. Please review the “Schedule of Classes” (online or in-print) for procedures for class changes or withdrawals and the refund policy and schedule.

COURSE DELIVERY METHODOLOGY:
This course is offered as a distance-learning course through the Moodle Learning Platform. Amberton’s distance learning courses, called e-Courses, are identical to classroom courses in terms of learning outcomes,
competencies, and instructor expectations. A student choosing to take an e-Course must have the following skills and technical capabilities:

2. General knowledge in:
   - Internet browser settings and configuration
   - e-mail and file attachments
   - Uploading and downloading files
   - Using a word processing package
3. Ability to conduct on-line research

Students who have not mastered these skills should not enroll for this course, but should consider enrolling in MIS2110 Computer Concepts and Internet Technologies for instruction in these areas.

**HOW TO ACCESS YOUR COURSE:**

**Through the Amberton University Student Portal**

Students enrolled in distance learning courses using the Moodle Learning Platform may access the course through the Amberton University Student Portal. The site may be accessed through the University’s main page (http://www.Amberton.edu) or at http://apps.Amberton.edu. Simply click on the link for the Student Moodle Tutorials and read through the various learning topics: Navigating; Communicating; Assignments & Exams; Grades; and Student Resources.

COURSE COMMUNICATIONS:
Students will communicate with faculty through the Moodle Learning Platform or the Amberton University email system. Each student enrolled is assigned an Amberton email account, which gives the student access to the Amberton email system (my.Amberton.edu). This email account is provided by Google Apps for Education. Students are encouraged to check their email regularly for University news, notices, and to communicate with instructors.

The student’s assigned email address would be Username@my.Amberton.edu

If you need assistance with your email account, please visit https://support.google.com/mail

Students are responsible for reviewing the “Communication Guidelines” provided on the individual E-Course for specific instructor requirements.

Upon completion of a session, all communication and course specific information is removed from the Moodle system. If a student needs to maintain a record of communications or assignments, the student is strongly encouraged to print out or download these items to a disk for their own records.

FORMAT AND SUBMISSION OF ASSIGNMENTS:
Assignments are to be submitted to the appropriate assignment Drop Box in the Moodle system. Specific directions and guidelines for submission of assignments are located on-line in the “Communication Guidelines” of the e-course. Due to compatibility issues, Office 2007 files cannot be read by earlier versions of Microsoft Office. Before submitting an exercise file, confirm the file is in the proper format for grading by the instructor.

INSTRUCTOR/COURSE EVALUATION:
Each session, all Amberton students are provided with the opportunity to evaluate their courses and instructors. The evaluation process is an important one and provides students with an anonymous and confidential way to give meaningful feedback to the University. Summary information and comments are provided to faculty after the close of the session. All information provided is anonymous.
The Instructor/Course Evaluation will be open for completion during week 9 of the session. An evaluation assignment will be placed in week 9 of the Moodle course, along with the instructions on how to complete the evaluation. Prior to week 9, the University will send out an email containing instructions and dates for the evaluation period.

ACADEMIC HONESTY/PLAGIARISM:
Plagiarism is the presentation of someone else’s information as though it were your own. If you use another person’s words, ideas or information, or if you use material from a source – whether a book, magazine, newspaper, business publication, broadcast, speech, or electronic media – you must acknowledge the source. Failure to do so violates Amberton University’s ethics policy.

Strategic management involves a complex system of establishing a vision, formulating strategies, and achieving objectives. Strategic management decisions are highly unique to each company – strategies for one company may be in exact opposition to strategies of another. Due to this, there is no predetermined “best way” to implement project management in every organization.
