A Heartbeat Away: The Investigation and Resignation of Spiro T. Agnew.

By Barry Malzberg

Pocket Books 95 cents 160 pp.

One major flaw in the book is the lack of consistency about Herovit's character. He keeps telling himself that nobody knows him, but this is patently incorrect; yet all of his flashbacks and all of his nightmares put him in the world of science fiction. The only explanation for this is that he is himself still an unknown man - he is the only writer in the history of science fiction who has never been acknowledged by the vast majority of the fans who should know him. Herovit's problem is that after 92 novels he has never really reached a mass audience. He has never been truly known to the fans, whose life is centered about science fiction (as opposed to the millions who read thousands of novels). NY.

On first glance, Herovit's World is not even that; it is a novel (as opposed to a mass audience. He has never been truly known to the fans, whose life is centered about science fiction (as opposed to the millions who read thousands of novels). NY.

This book is a sickening read. The level of corruption displayed by Spiro T. Agnew makes one wonder how this country carries on. While Agnes entered a plea of nolo contendere to a single count of tax evasion, the more serious charges of bribery and extortion were swept aside by U.S. Attorney General Elliott Richardson, so anxious was he to avoid a long, drawn-out trial. Richardson overruled the Baltimore Attorney General's office, content to obtain Agnew's resignation. Even the presiding judge ad This book is a sickening read. The level of corruption displayed by Spiro T. Agnew makes In Heartbeat away the investigative talents of Richard M. Cohen and Jules Witcover, two reporters for The Washington Post, provide citizenry of this country with a Free shipping over $10.Â A Heartbeat Away. by Jules Witcover and Richard M. Cohen.
