Essentials Of Research Methods In Psychology

Jeanne S Zechmeister Eugene B. Zechmeister John J. Shaughnessy

Research skills represent the way we test theories and gain further knowledge. 1 Identify the area of research and form a research aim. Kearins wished to discover whether the skills of Aboriginal people in visual tasks (especially visual memory) were better than those of other Australians. Start by marking Essentials of Research Methods in Psychology as Want to Read: Want to Read saving… Want to Read. EUGENE B. ZECHMEISTER is Professor Emeritus of Psychology at Loyola University of Chicago, a large metropolitan university where he taught both undergraduate and graduate courses since 1970. Professor Zechmeister completed his B.A. degree in 1966 at the University of New Mexico. He later received both the M.S. (1968) and Ph.D. (1970) from Northwestern University. A specialist in the field of human EUGENE B. ZECHMEISTER is Professor Emeritus of Psychology at Loyola University of Chicago, a large metropolitan university where he taught both undergraduate and graduate courses since 1970.
